Report on Good Clinical Practice (GCP) Training Programme

Date of Training: 17th February 2025

Time: 1:00 PM to 4:00 PM

Organized by: Bharati Vidyapeeth College of Nursing, Pune

Speaker: Mrs. Vaishali Deshpande, Independent Consultant Clinical Research, Pune

Participants: 113

Key Objectives of the GCP Training Programme:

1. To Understand Good Clinical Practices (GCP)
2. To Ensure Compliance with Regulatory Guidelines
3. To Enhance Ethical Standards in Clinical Research
4. To Promote Best Practices in Clinical Research and Trials

Introduction

On 17th February 2025, Bharati Vidyapeeth College of Nursing, Pune, organized a Good Clinical Practice (GCP) training session from 1:00 PM to 4:00 PM, aimed at enhancing the clinical research knowledge of its faculty and ethics committee members. A total 113 members attended this training and from BVDUCON Sangli 34 faculty members and 6 ethics committee members total 40 members participated in this informative session. The training was conducted by Mrs. Vaishali Deshpande, an Independent Consultant in Clinical Research from Pune, who shared her expertise on the ethical and scientific standards in clinical trials. Key topics covered included the importance of adhering to GCP guidelines, the ethical considerations in clinical research, regulatory compliance, and the roles of various stakeholders in ensuring the success and integrity of clinical trials.

The session also emphasized the significance of safeguarding participants' rights, ensuring informed consent, and maintaining transparency throughout clinical research processes. Mrs. Deshpande provided valuable insights into the documentation required for clinical trials and the steps needed to address adverse events effectively. The interactive session allowed participants to engage in discussions, clarify doubts, and gain practical knowledge for better implementation of GCP standards in their research and teaching practices. Overall, the training helped reinforce the institution's commitment to upholding ethical and regulatory standards in clinical research.

Conclusion:

The GCP Training Programme was an enriching experience for all attendees. Mrs. Vaishali Deshpande's extensive experience and in-depth knowledge made the session highly informative and practical. The faculty members and ethics committee members who participated gained valuable insights into the world of clinical research, ethical practices, and regulatory requirements. The training helped in reinforcing the importance of ethical considerations in clinical research. Bharati Vidyapeeth College of Nursing continues to demonstrate its commitment to excellence in clinical research by organizing such training programmes aimed at improving the standards of clinical practices in the institution.
