DENTAL COLLEGE AND HOSPITAL, SANGLI

ABOUT COLLEGE

Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Sangli was established in 2006 to fulfill aspirations of students to obtain professional “education and growing demand for education in dentistry in this region.” The college has been recognized by M.O.H.F.W and the Dental Council of India.

The Dental college has intake of 100 seats for B.D.S. program and 18 seats (6 branches) for PG program.

Bharati Vidyapeeth (Deemed to be University) has two campuses in Sangli - Wanlesswadi campus and Rajwada chowk campus.

Both of the campuses are highly maintained and offer a variety of facilities to the students under their sprawling area. Currently, the Sangli campus houses five constituent institutes of the University. Residential facilities are also available to the students along with mess and cafeteria services. For recreational activities, the students will be able to access a well-equipped playground, common rooms, and indoor spaces. The campus also offers library access, computer laboratories, skill labs, and more facilities to boost the academic journey of the students.

DEPARTMENTS

DEPARTMENT OF ORAL MEDICINE, DIAGNOSIS AND RADIOLOGY

Oral Medicine is involved in patient care, teaching, and research involving diagnosis and nonsurgical management of diseases of the orofacial complex. Oral and Maxillofacial Radiology deals with the acquisition and interpretation of radiographs which aids in the diagnosis and treatment plan for conditions affecting the maxillofacial region.

DEPARTMENT OF ORAL AND MAXILLOFACIAL SURGERY

The Department is well known for performing surgical treatment for cyst & tumors, pre prosthetic, Orthognathic and cosmetic surgeries. Carcinomas of head and neck region are regularly operated with emphasis on reconstruction.

DEPARTMENT OF ORAL PATHOLOGY AND MICROBIOLOGY

The Department of Oral Pathology and Microbiology aims to bring about a confluence of academic excellence and promote the development of scientific temper amongst the students. We strive to attain perfection in histopathological evaluation and diagnosis to aid the patients and society on the whole.

DEPARTMENTS

DEPARTMENT OF PROSTHODONTICS AND CROWN & BRIDGE

Prosthodontics is the dental specialty pertaining to the diagnosis, treatment planning, rehabilitation and maintenance of the oral function, comfort, appearance and health of patients with clinical conditions associated with missing or deficient teeth and/ or intra oral and extra oral tissues, rehabilitation of oral function is done through prosthesis and restorations

DEPARTMENT OF PERIODONTOLOGY

The basic treatment modalities included in the department are oral prophylaxis, root planning, curettage, periodontal flaps surgeries. Advanced surgical procedures like, perioesthetics, mucogingival surgeries, frenectomy, papilla preservation techniques, regenerative periodontal procedures, GTR, dental implants, sinus lift procedures and laser therapy.

DEPARTMENT OF PEDODONTICS AND PREVENTIVE DENTISTRY

Our pediatric dentistry department encompasses disciplines such as behavior guidance, care of the medically and developmentally compromised and disabled patient, supervision of orofacial growth and development, caries prevention, sedation or oral rehabilitation under general anesthesia

DEPARTMENTS

DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS

It deals with diagnosis, treatment planning & restoration of teeth to reproduce function & aesthetics. Endodontics deals with root canal treatment, regenerative Endodontics & periapical surgeries, management of badly broken down teeth, management of discolored teeth. Special emphasis is also given to esthetic dentistry and micro endodontic procedures.

DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPEDICS

Orthodontics and Dentofacial Orthopedics is the specialty of dentistry that focuses on alignment of teeth. The practice of this specialty to patients of all ages includes diagnosis, prevention, interception and treatment of all forms of malocclusions of the teeth with conventional and modern technology.

DEPARTMENT OF PUBLIC HEALTH DENTISTRY

The department has extensive orientation and training modules for students to acquire the art of estimation and resolution of community related oral diseases, needs and unmet demands. The identification of underserved and with maximum dental treatment needs are identified through extensive out – reach programs.
