Brief about the Conference:

Digital and Inovative Advancements for Sustainable Library Services International Conference organized by Bharati Vidyapeeth Institute of Computer Applications and Management, New Delhi. The conference emphasized the need for digital transformation of traditional libraries. It recommended increasing training programs for library professionals in data management and digital tools. A consensus was reached on forming an International Digital Library Consortium to enhance global access to information resources. The importance of inclusive and accessible library services for all communities, especially marginalized groups, was highlighted. The International Conference on Library a grand success, offering valuable insights, networking opportunities and future directions for the global library community. It reinforced the critical role of libraries in promoting education, research, and equitable access to information in a rapidly changing digital world.
