

## TITLE: Builder's Build 2026

NEXEL – The Incubation Cell of BVIMR New Delhi, in collaboration with 23 Ventures (23V), hosted "Builders Build," a fast-paced startup challenge centered on the philosophy of **Solve – Pitch – Build**. Moving beyond theory, **11 teams** were tasked with transforming abstract problem statements into functional digital prototypes within a single day.

### Expert Mentorship & Judging

The event featured two prominent industry leaders who provided critical real-world evaluation:

- **Mr. Akshay Mathur:** A seasoned **Founder and Investor** (Advisor at Alivio Technologies), who mentored teams on **Go-To-Market (GTM) strategy** and scalability.
- **Mr. Amanpreet Singh: Founder & CEO of Felix Corporation**, who challenged the financial viability and execution logic of the prototypes using his expertise in **Strategic Capital Allocation**.

### The Competition Path

1. **Speed Pitch:** A 5-minute high-pressure round to validate concepts and problem-solution fit.
2. **Build Sprint:** The top 5 finalists—**The Deal Diva, Agam Jatin, Bitkratos, Business Holicks, and Vision Vault**—moved to the live building phase to deploy MVPs and websites.

### The Winners

- **1st Place: The Deal Diva** (Winner's Trophy + ₹5,000)
- **2nd Place: Agam Jatin**
- **3rd Place: Bitkratos**

"Builders Build" 2026 successfully reinforced BVIMR's commitment to experiential learning, proving that in the startup world, **execution is the ultimate differentiator**.
