- Date: Friday, 24 January 2025
- Time: 2:15 PM onwards
- Venue: Seminar hall
- Organizer: Prof. Sumita Kumar
- Faculty In-charge: Prof. Poonam Kapse
- Nature of Activity: Indoor
- Participants: Registered students

Introduction:

“Engineers Got Talent” is a showcase event where engineering students can display their diverse talents, ranging from performances to creative skills. It aims to foster community engagement and celebrate the unique abilities of engineering students in a fun and supportive environment.

Welcoming Everyone: 2:15

The event kicked off with the vibrant and engaging anchors, ‘Vaishnavi Kadam’ and ‘Gauri Adhatrao’, who kept the energy high and the crowd excited. A key part of the event was a captivating skit, featuring the talented ‘Deep Koli’ in a minor yet impactful role. As the event progressed, the audience was introduced to the esteemed panel of judges. At the conclusion of the event, some important disclaimers were shared to ensure clarity for all participants and attendees.

Introducing to judge panel : 2:21

The esteemed panel of judges, including 'Aniket Giri', 'Sudhanshu Mishra', 'Adumbar Salvi', 'Atharva Satpute', and last but not least, 'Khushi Raj', were introduced at this stage. Their expertise and insightful feedback were invaluable as they observed and assessed the performances.

Beginning of the event: 2: 25

The event kicked off with a lively performance, where enthusiastic students showcased impressive technical and non-technical skills with great energy and passion. Their growth and dedication were evident, as both types of performances were delivered with creativity and finesse. The room was filled with excitement, as the audience cheered, making the event an unforgettable experience for all.

One of the most attention-grabbing and innovative skills showcased during the event was a sensor mouse, presented by two exceptionally talented students. The mouse, designed with cutting-edge technology, captivated everyone with its sleek, futuristic appearance and impressive functionality. The students demonstrated the mouse's remarkable precision and responsiveness, which left the audience in awe.

Winner Announcement: 4:19

The judges announced the top three winners, each showcasing exceptional talent. The first-place winner amazed with innovative brilliance and technical skill, while the second-place winner impressed with unique creativity and attention to detail. The third-place winner stood out for their strong performance and dedication. All three demonstrated outstanding effort, earning well-deserved recognition.

Vote of thanks : 4:27

Conclude with a vote of thanks, expressing gratitude to participants, judges, and attendees for their contributions.
