

Career Guidance Session Conducted at Kadegaon

A career guidance session was successfully organized at Loknete Mohanrao Kadam College of Agriculture on Friday, 10th April 2026.

The session was conducted by Dr. Pratap Desai and Prof. Woodward Dexter, who provided valuable insights into diverse career opportunities, higher education pathways, and skill development required in today's competitive environment. The speakers guided students on making informed career choices and emphasized the importance of continuous learning and adaptability.

Students actively participated in the session and benefited from the practical guidance and real-world perspectives shared by the experts.

The initiative was undertaken as part of its outreach activities aimed at empowering students through knowledge sharing and career awareness.

The session was well-received, and students expressed appreciation for the informative and motivating interaction.
