Venue: Bharati Vidyapeeth (Deemed to be University) College of Nursing, Sangli

Beneficiaries: NSS Volunteers and Students

No. of Students Participated: 100

No. of Teachers Participated: 5

The NSS Unit of Bharati Vidyapeeth (Deemed to be University) College of Nursing, Sangli, in association with Bharati Vidyapeeth Deemed University Medical College and Hospital, Sangli (Wanlesswadi) – Antiretroviral Therapy (ART) Centre, organized a Guest Lecture on “HIV and AIDS Awareness” under the esteemed guidance of Respected Principal, Dr. Sureshkumar Ray. The programme was conducted under the supervision of Mrs. Tejaswini Chougule, NSS Programme Officer, and Mr. Rohit Kamble, Assistant NSS Officer.

The objective of the guest lecture was to create awareness among students regarding HIV and AIDS, its transmission, prevention, treatment, and the importance of reducing stigma and discrimination towards people living with HIV.

The resource persons for the session were **Dr. Amit Mane, ART Counsellor**, and **Dr. Dhiraj Suryavansi, ART Counsellor**, from the Antiretroviral Therapy (ART) Centre. They shared their valuable knowledge and practical experiences related to HIV/AIDS, counselling services, testing facilities, and treatment available through ART programmes.

During the session, around **100 students actively participated** and gained valuable insights on:

- Causes and modes of transmission of HIV
- Prevention strategies and safe health practices
- Importance of HIV testing and early diagnosis
- Role of Antiretroviral Therapy (ART) in the management of HIV
- Reducing stigma and discrimination towards people living with HIV/AIDS

The session was highly informative and interactive. Students actively engaged in discussions and clarified their doubts regarding HIV prevention, treatment, and counselling services.

The programme successfully enhanced students’ knowledge about HIV/AIDS and motivated them to spread awareness in the community. The session also reinforced the NSS motto “**Not Me, But You**”, encouraging students to contribute towards building a healthier and more informed society.
