Camp Gist – Women’s Health Homoeopathic Camp- On the occasion of International Women’s Day

A Women’s Health Camp was successfully conducted under the guidance of I/C Principal Dr. Anita Patil. Expert consultations were provided by Dr. A. D. Mahajan (MD Hom) and Dr. Varsha Edlabadkar (MSSB, DGO), ensuring comprehensive and quality care for all patients. The camp was further supported and guided by HOD of OBGY Dr. Anita Talathi Madam. A total of 100 patients were examined and treated. The most commonly observed cases included PCOD, fibroids, infertility, and various acute complaints. Investigations such as Hb%, BSL, and ECG were made available at a nominal charge of ₹50, making essential diagnostics accessible to patients. All these activities were effectively monitored by Dr. S. V. Gharge. Simultaneously, a similar camp was conducted at Bibewadi by Gynaecology interns, enhancing outreach and extending healthcare services to more patients.

“Inauguration of the Women’s Health Camp at Bharati Homoeopathic Hospital by I/C Principal Dr. Anita Patil and Dr. A. D. Mahajan, in the presence of the Gynaecology Department, hospital staff, and PG scholars.”

“On-field experience: Gynac Project Intern serving at Bibewadi health camp.”
