About us

Poona College of Pharmacy is a pioneer pharmacy institute in the Pune region. Honorable Dr. Patangrao Kadam, Founder of Bharati Vidyapeeth, realized the need for training students in Pharmaceutical Sciences and established Poona College of Pharmacy in 1981. Poona College of Pharmacy is a grant-in-aid institute of the Government of Maharashtra and a constituent unit of Bharati Vidyapeeth (Deemed to be University). It provides quality education in B.Pharm, PharmD, M.Pharm, and doctoral programs. The institute is ranked 29th nationally by NIRF 2023. It is also accredited by NBA, NAAC, and an ISO-9001-2015 certified.

Mission

01

To be recognized as a premier pharmacy institution for excellence in education, research, innovation and leadership.

02

To produce competent pharmacist catering to the needs of Industry, Academia, Research and Society.

03

To create a centre of excellence for research and innovation in the field of pharmacy.

04

To contribute our humble share to address challenges in health care through collaborative ecosystem.

Accreditations

Center of Excellence for Advanced Studies and Research in Pharmaceutical Sciences

First Pharmacy college in the region of Pune.

NIRF 29th in 2023 by Ministry of Education, Government of India.

AICTE CII – PLATINUM RANK

AICTE-CII (Confederation of Indian Industry) Govt. of India, Industry Linked Technical Institute Survey-2020.

University Grants Commission, New Delhi (UGC)

•Recognized u/s 2(F) and 12(B) of UGC Act.

•Inducted under the Special Assistance Program(SAP).

Poona college of Pharmacy accredited by NBA since 2002 and NAAC since 2004

It is also an ISO - 9001-2015 certified institute.

Public Testing Laboratory is an in-house testing unit approved by FDA, state of Maharashtra.

Centre for Food testing Laboratory

The main purpose of the laboratory is to provide Quality Analytical services to Indian Food industries.

Principal's Message

It's my honor to welcome recruiters from prestigious leading organizations from the Pharmaceutical sector to recruit the best minds trained under the guidance of our eminent faculties. BVDU's Poona College of Pharmacy is a leading research institute which had been contributing to the pharmaceutical sector by providing quality budding researchers since 1981 by indulging quality education which includes good academics, co-curricular and extra-curricular activities. Apart from Academics, Institutes also furnish Student Development chapters like IPASF, ISPOR International Chapter, IIC, SkiiLD PCP, etc. Placement is an integral part of a career. Being placed in the right company not only ensures financial support or independence but also decides the future path of professional life. Also, to achieve greater heights in professional life, it is very important to grow in a competitive and nourishing environment that provides opportunities to excel at all stages of life.

Keeping this in mind, we at Poona College of Pharmacy train and groom the students and research scholars which could help them to develop abilities to cope with the industry standards. To carry out these activities smoothly, our institute is equipped with a well-organized and actively working Training and Placement Cell comprising faculty as well as students who run the cell very efficiently. We organize various grooming sessions and campus recruitment drives and make sure that the best industries meet the best quality brains.

On behalf of the Poona College of Pharmacy, I warmly welcome the recruiters and I look forward to seeing our students being recruited and serving the pharmaceutical sector.

-Dr. Atmaram Pawar
In-charge Principal

Vice Principal's Message

Hello Everyone,

Poonja College of Pharmacy is a premier academic institute imparting quality pharmacy education. This has been endorsed 29th in all India rank by NIRF and the highest grade of NBA and NAAC accreditation. Rising to the challenges of the changing paradigms PCP focuses on developing skilled professionals in the field of pharmaceutical sciences having updated knowledge, requisite technical skills, and innovative thinking abilities. We at PCP emphasize value-based education that has a positive impact on fostering students of high integrity and morality. Our institute provides a conducive teaching-learning environment coupled with exposure to co-curricular & extra-curricular activities that help the students with all-round personality development. Our Institute focuses on research and innovation by implementing project-based learning at B.Pharm, M.Pharm, Pharm.D, and Ph.D. level

The separate research wing of PCP has the state of art laboratories equipped with ultra-modern instruments and equipment that facilitate our students in such a manner as to provide them with all necessary competencies & skills required by the industry. Through its active Industry Institute Partnership Cell (IIPC), the college undertakes collaborative research projects that help the students work on industry-related problems and also imparts industrial consultancy, etc. As a result of our continuing efforts to facilitate the research ecosystem, the institute has laudable research outcomes in terms of more than 1600 publications including a total of 87 patents filed, 25 published and 13 granted as well as research projects worth more than 20 Crores.

We remain grateful to all our Recruiters for believing in us and being a part of our successful journey so far! I extend a warm welcome to all for the placement session this year!

- Dr. Varsha Pokharkar
Dean ,Vice - Principal (Faculty of
Pharmaceutical Sciences, BVDU)

Vice Principal's Message

Hello everyone,

It gives me immense pleasure to welcome the recruiters to our institution which has been consistently progressing in its academic, research, and placement performances. We at BVDU Poona College of Pharmacy, offer B. Pharm, M. Pharm, Pharm D, and Ph.D. programs. The students are always encouraged to update their knowledge concerning the current trends to meet the changing requirements of the Pharmaceutical industry.

Students are encouraged to get hands-on experience with sophisticated instruments available in the well-equipped laboratories in the institute. Besides hands-on experience in the institute, with exposure to facilities like the Centre of Food Testing (CFT), Public Testing Laboratory (PTL), and other Instrumentation exposure. Many of our students also get an opportunity to work as an intern in reputed industries and upskill themselves as per industry needs. Our students are trained and groomed in a way that makes them practical-oriented and industry-ready. We are confident that our students will excel in your organization as they have excelled here in our organization and will add to your company's value. I warmly welcome you to be a part of our journey towards success and we look forward to a long-term industry-institution relationship with your organization.

-Dr. Sathiyarayanan L.
Vice- Principal

Placement Cell In-charge's Message

Hello Everyone,

This is a great time to be in one of the finest institutes in India, Poona College of Pharmacy, Pune, Maharashtra. Pharmacy students can have bright careers in various disciplines like production, marketing, research and development, quality assurance, and quality control, as pharmacists in hospitals and academics. At the same time, there are so many other new avenues like Pharmacoeconomics, pharmacovigilance, medical writing, IT industry. Currently, the industry needs trained manpower in different disciplines who are ready to work.

Poona College of Pharmacy has a dedicated Training and Placement Cell, which works 24 X 7 to cater to the needs of each and every student. Our dedicated teamwork enhances the employability skills among the students to meet the corporate expectations. The state-of-the-art training and grooming facility, individual mentoring and development of soft skills, group discussion, and body language is top-notch with a lively campus that gives wonderful lifetime experience for students. Students are groomed from the third year and more than 80 percent of students have offer letters in hand at the time of completion of the course. College students are placed in several industry-leading companies with decent packages. At the same time, for those students who are going for higher education and self-employment, this cell caters to them by providing support by all possible means.

Right from training design and its implementation, pedagogy, all other extracurricular activities are in complete unison and harmony for 360-degree development of each and every student. Training and Placement Cell ensures a conducive environment for personal and professional growth. Placement is top-notch with a lively campus giving a wonderful lifetime experience for students.

- Dr. Vaibhav Shinde

7. Pharmaceutical Biotechnology
8. Industrial Pharmacy
9. PharmD

- Post Bacallaureate PharmD

Ph.D Programme

Pioneer college in this region of Maharashtra established in 1981.

Bachelor of Pharmacy

📍 Four-Year Undergraduate Degree Course

The degree is a prerequisite for registration to practice as a pharmacist. B.Pharm holders can work in several fields such as being a pharmacist, patient counseling, doing further studies such as master's degree, working in a university as a lecturer or working as a drug information specialist. The students who are interested in the medical field (except to become a doctor) can choose this course after completion of class 12th (PCM/B). After the completion of this degree, the students can practice as a pharmacist. Pharmacists can work in a range of industries related to the prescription, manufacture, and provision of medicines.

Master of Pharmacy

📌 Two-Year Postgraduate Degree Course

Master of pharmacy is a two-year postgraduate programme designed to provide comprehensive technical, research, practical and theoretical knowledge of pharmacy, embracing both traditional and modern medicine. Candidates who wish to pursue a master's degree in any specialty must obtain a B. Pharm degree from an institute recognized by the Pharmacy council of India(PCI).

Poona College of Pharmacy offers a variety of master's degree programme in

- Pharmaceutics
- Pharmaceutical Chemistry (Pharma Synthesis and Pharma Analysis)
- Pharmacology
- Pharmacognosy
- Quality Assurance Techniques
- Drug Regulatory Affairs
- Pharmaceutical Biotechnology
- Industrial Pharmacy

It helps the students to gain academic qualifications and strong analytical skills to work in a practical field. It develop pharmacists to contribute effectively in the social health care system. Along with this it provide hands on training through state of art infrastructure to inculcate research aptitude in pharmaceutical sciences.

Hence, this course is also highly pursued by students as it has been considered the most respectable field in the job markets today, integrate pharmacy knowledge and skills with pharmaceutical research.

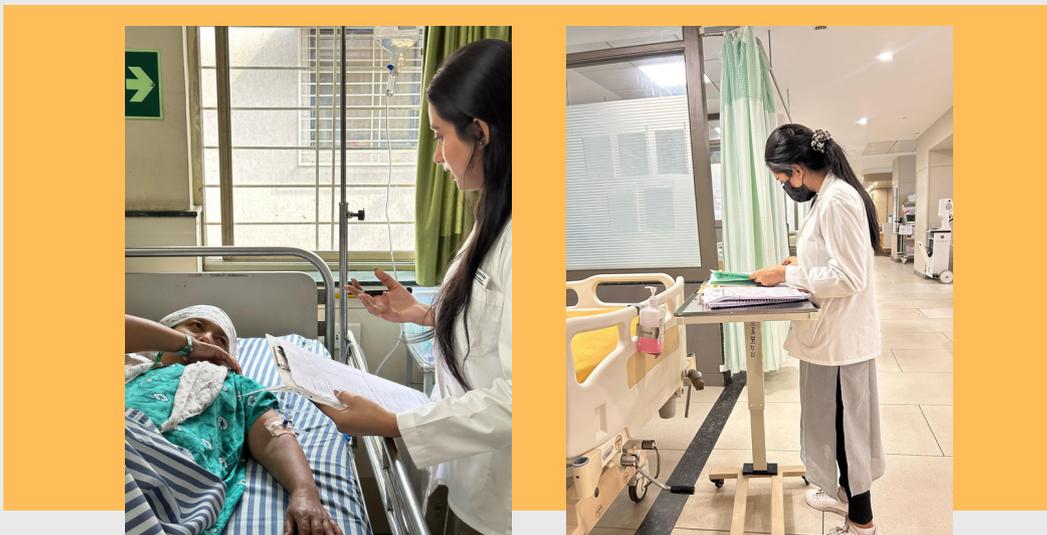

Doctor of Pharmacy

📌 Six-Year Integrated post-graduate Degree Course

Pharm D (Doctor of Pharmacy) is an integrated post-graduate degree in a pharmacy approved by PCI (Pharmacy Council of India). The total duration of this course is 6 years of which the first 5 years are of academic study followed by 1 year of internship and residency training that involves pharmacy practice and clinical pharmacy service.

This course is a combination of science and the art of dispensing medicines. It deals with the study of pharmaceuticals, medicine, and drug-related practice. After completing this course, graduates gain skills in diagnosis, therapeutic usage of drugs, treatment, etc. They also perform tasks like identifying drug-related problems and monitoring patients to ensure drug safety and efficacy, providing a choice of therapy for patients to promote rational drug therapy practice.

Encapsulation of different facts about medical and healthcare services has helped it become a course brimming with opportunities. Pharm D is a sea full of options that have not been explored by many. After completion of this course, graduates can work in various positions such as clinical pharmacist, hospital pharmacist and staff, medical writer, medical and drug safety associate, pharmacovigilance and retail pharmacist. They also work as drug information specialists and drug experts and are involved in clinical trials as clinical research coordinators.
